Draft order for petta
HVR
18.12

Office of the President of
District Fund Board of Kadur
Dated Chikmagalur 1st December 99.

From

The President of the
District Fund Board of Kadur

To

The Secretary to the Govt. of Mysore
General and Revenue Departments.

Sir,

I have the honor to state that an estimate amounting to ₹ 896/- was sent by the Deputy Amildar of Yedehally for sinking a well in the old pettah of Yedehalli. The rates for some of the items were reduced and the estimate was returned sanctioned for ₹ 679/- by Mr. Carr (President), including the contribution of ₹ 200/-. As it was not possible to execute the work at the rates sanctioned it was not carried out. Hence a revised estimate for ₹ 1037/- was prepared. It is herein enclosed for sanction. An appropriation of ₹ 479/- has already been granted out of ₹ 10,471 sanctioned for the miscellaneous works of 1898-99 in Government Proceedings No. 3350-1 dated 7th September 1899. The balance of ₹ 358/- may be sanctioned out of ₹ 3384/- (L.F. 2-98) at the disposal of the President.

I have the honor to be

Sir,

Your most obedient servant.

President of the
District Fund Board
Kadur District

From

H. H. Sparkes Esquire

President of the

Local Fund Board

Kadur Circle

To.

The Secretary to the

Government of Mysore

General and Revenue Depts.

Sir

In submitting herewith for favor of Government sanction a revised estimate* for Rs 1730/- including the — contribution of Rs 200/- paid by the ryots for sinking a deepening well in the old pettah at Yedehalli, I have the honor to state that an Estimate for Rs 1037/- including Rs 200/- being ryots share of — Contribution towards the said Work, was

Sanctioned in G.O. no: 8519-20 dated
L.F. 35-97

Dated 23rd January 1900, but no Spring having been found after Sinking the well to a depth of 42 ft as per Sanctioned estimate the Deputy Amildar of Yedehalli represented that the townspeople and the Contractor had assured that a Spring yielding an unfailing Supply of water will Surely be discovered by further deepening the well a few feet more and in taking into consideration the fact that the well work having so far progressed and a large amount Spent, it was found advisable to allow the Work to be continued.

2. The Dy Amildar in his no: 1464 dated 30th November 1900, reports that a good Spring has been found at the depth of 58 ft with a Supply of 25 ft of water in the well, that Stone revetment has been completed up to the height of 25 ft from the bottom, and that further work according to the revised estimate is very much needed to complete the well for the benefit of the townspeople. The amount of the revised estimate may be met out of Rs 5000/- Sanction no G.O. no: 1757-8 / L.F. 15-99 dated 2d August 1900.

I have the honor to be
Sir
your most obedient Servant

President of the
Local Fund Road
Cantonment Circle
